

Poetry Project

You will be putting together a scrapbook of poetry which includes poems you have found and original poetry. Find poems for each of the following terms:

On each page, place a title (the term from above), a definition of the term, a poem, and author with **examples of the term highlighted**.

You also need to include two of your own poems. You need at least two different poetic devices in each poem.

Organize, illustrate, and proofread your book. If time, create a cover and decorate it. You must use poets who are well-known or who have been published. Suzy Smith, 4th grade, is an example of what not to put in your booklet.
